

# VARIABLE SPEED CONVERSION

FOR OLDER BUCK 3-SPEED MODELS

This is a cheat sheet of parts needed to replace the old style 3-speed thermostats (CPI bars). This replacement kit converts to variable speed control (instead of automatic 3-speed like the old style thermostat bar) and adjusts fan speed by turning the rheostat knob.

## CPI RETRO KIT

Part number  
MA-100120

- Rheostat (PE-BC204)
- Rheostat Knob (PE-BC204A)
- Snap Disc (PE-400132)
- Wiring Harness
- Wiring Schematic

## SINGLE SPEED BLOWER

Part number  
PE-71731439

- Variable speed motor (PE-71731439)
- Motor housing gasket (PO-400230)
