Hello Sean,

Please see below dimensions of the T2100 baffle(W018-0119).

Tony Lobraico  
Tech Services

Milimeters

25.40 Thick  
notch 12.70

Good morning,

I have a customer who ordered the baffles for his T2100 woodstove and says they are the wrong size. I don't have a set here to compare with right now. Do you have the length and width dimensions of the baffle board that goes into a T2100?
