

Which Quadra-Fire 4300 Model Do You Have?

ACT = Advanced Combustion Technology (Manual Lever)

ACC = Automatic Combustion Control (Auto Timer)

4300 F/S (Pre-ACT)

- Ash Removal System (ARS)

4300 ACT Millennium:

- Uses modern “Flat top” design
- Typically has a single air control

4300 ACT (Step Top):

- “Step Top” design

4300 ACC Millennium:

- ACC = Automatic Combustion Control (can be found on lower front/right side)
- Uses modern “flat top” design

43ST-ACC/43ST-ACC-B/43ST-ACC-C:

- ST = Step Top
- B & C = Trim color (i.e. Black, Classic)

43M-ACC-C:

- Millennium (flat top) design

Visual Cues:

- Step top vs Millennium - Step top has a tiered top. Millennium has a flat surface.
- Trim - Black and classic trim would be seen in the handle materials, hinge pins, and door accents.
- Air Controls - ACC models have a secondary automatic air control near the primary air lever

Quadra-Fire 4300 Model Identification Guide

1. Does your stove have a tiered ("step") top or a flat top?

- Step Top** → Go to step 2
 - Flat Top** → Go to step 3
